

**4** WHEELS**D** RIVE**W** ATER**T** ENDER*You should appreciate particularly ...*

- The monobloc assembly which offers a high rigidity of the equipment suppressing stress and deformations between tank and lockers.
- The optimized volume of the lockers and their accessibility.
- Corrosion protection offered by :
  - the materials,
  - The process of assembling,
  - The anti-corrosion treatment applied.

*Photos and documentation non binding*

FIELD OF INTERVENTION

**SEMI-URBAN / RURAL****CHASSIS CAB RENAULT  
TRUCKS Midlum 240.14 4x4**
