

ANTI-RIOT & MOB CONTROL Vehicle

FIELD OF INTERVENTION

CROWD CONTROL

You should appreciate particularly ...

- Its spacious cab offering a surround vision and the possibility for the crew to stand.
- The reinforced cab air conditioning system for long station
- A good Power/Weight ratio
- The logical and easy controls.
- The armoured protection it offers to the crew (NATO level III A)
- The means of riot controls it offers:
Water projection
Colour dye projection
CSL stun gas projection
Foam on fires without exposing the vehicle's crew
- It permits afterwards Police operations (colour, video) for arrest of demonstrators,.....

Photos and documentation not binding
