*You should appreciate particularly ...*

- **The monobloc structure :**
- Which offers a superior resistance.
- Which optimize the existing space and allows adequate capacities of water and foam with space for the accessories.
- The hydraulic compartment studical for intensive use on industrial areas.
- The know-how adaptability of Camiva to satisfy customer's request.

*Photos and documentation non binding*

**CHASSIS  
CAB RENAULT TRUCKS
